

**WT30**

The WT30 is the largest Trash Pump in the Honda range, and boasts a massive capacity of 1,300 litres per minute with a 27m head.

## INTRODUCTION

### THE BIGGEST IN THE RANGE

---

The WT30 Trash Pump is the ideal addition to any construction sites, mining sites, storm drains where water is mixed with debris and you need a premium pump

---

As a reliable 3" Pump, it has been designed to work hard day in, day out, delivering up to a MASSIVE 1,300 litres per minute.

---

With maximum suction head of 8m and maximum total head of 27m, the WT30 has plenty of reach, and when paired with 60 years of Honda's engineering experience you know you're dealing with the best in the business.

---

### OVER 20 YEARS OF DEVELOPMENT

---

Honda Water Pumps offer a level of uncompromising performance to a wide variety of water transfer applications.

---

Designed for easy starting, priming and dependable service, used throughout the world for over 20 years, Honda water pumps have earned a reputation for unsurpassed reliability and performance.

---

These pumps are known for their durable construction, quality engines and easy portability; features that apply to all categories of Honda pumps.

---

### PERFORMS UNDER PRESSURE

---

Like most Honda Power Equipment products, the WT30 starts first time, every time with Honda's famous one pull easy start system.

---

It's powered by Honda's jaw-dropping GX240 4-Stroke OHV engine and runs on unleaded fuel, so you'll never have to mix oil and petrol again.

---

These technologies make the WT30 an environmentally friendly Trash Pump with low emissions, less noise than the competition and low fuel consumption.

---

### WARRANTY

---

All Honda pumps come with an impressive 4 Year Domestic Warranty and 1 Year Commercial Warranty, giving you added peace of mind.

When combined with a network of over 450 authorised independent dealers around Australia, you've got some serious back-up with a Honda pump.

There's no question; if you're after a quality investment that won't let you down, the Honda WT30 is just the pump for you.
